The Hike for Life Brings Free Educational Programs to Schools

by Monique Achtman, Educational Resource Consultant

We have been offering two Respect Life educational programs in schools for 40+ years and we're still going strong! Teachers are currently booking us for the **Respect You: You**

Matter and the **Respect Life: Fetal Development**

presentations in their classrooms free of charge, thanks to our donors and supporters. We always receive positive feedback from the teachers and the students. The children and young people connect with the message that every human life is precious, especially theirs. This includes those who were born well before them (parents, grandparents, aunts, and uncles). It also includes those to come in the future (their nieces and nephews, their children, and grandchildren). No matter which Christian denomination you follow, our faith tells us that every human being is a precious gift from God, and we are all connected.

Our fetal development presentation supports science that confirms that human life begins at conception. Our students are engaged in the interactive presentation and always like the opportunity to see and touch the life-size fetal development models.

We were pleased to have a display set up at the Calgary Teachers Convention in February. We engaged in positive, and sometimes not-so-positive, discourse with some attendees

who were challenged by what they saw at our display. Although we are only invited into Catholic schools so far, it was still appropriate that our booth was included as an important educational resource in schools, and in the community. The fetal development program is available to teachers who teach human sexuality, biology, and religion to their students in grades 6 - 9.

Kids are fascinated by our life-size fetal development models

The Calgary Teachers Convention is open to teachers from the Calgary Board of Education and Calgary Catholic School District. Our presentations support the Alberta Education curriculum for grades 4 - 9.

Join us at the 43rd Annual Hike for Life at Prince's Island Park on Saturday, May 13. Register your team (parish, family, CWL, K of C, youth group, or school) or sign up as an individual at www.calgaryprolife.com (Hike for Life). Funds raised support respect-life programs at schools and more.

Respect Life Display Banners Available Now!

Calgary Pro-Life Assn.

The collection of banners with pro-life messages is growing! Fill in the Banner Request form below to book a banner, or two, and share a silent, but powerful, pro-life witness at your convention, or in your parish. Respect Life banners can encourage your community to raise pledges to financially support the free Respect Life educational programs in our schools.

To book a banner for upcoming events: Fill in this form, or email pro-life@shaw.ca to arrange delivery, drop off and pick up in Calgary.

An Easter Prayer for Life

Lord Jesus Christ,

As we come to the season of Easter, this season of new life, we pray that all children of God, whether in the womb, vulnerable, ill, or of advanced age, may live their lives and be protected by their families, our community and our world.

Be with us as we continue to promote respect for every human life from conception until natural death, in Your name.

We draw strength, confidence, and joy from Your victory over death, for you are Lord forever and ever.

Amen.
